

YOU HAVE WHAT THEY NEED

We know we are “blessed to be a blessing,” but sometimes we wonder what we have that God could use...

YOU SPEAK ENGLISH ! 😊

IF YOU ARE WILLING TO SET ASIDE AN HOUR WEEKLY IN THE COMFORT OF YOUR HOME, GOD CAN USE YOU TO ALTER THE COURSE OF SOMEONE’S LIFE ON OF THE OTHER SIDE OF THE WORLD...AS PART OF **ENGLISH 4 ASIA**.

- Many college students and professionals in an Asian setting have a background in English but often lack confidence to speak...and **need a “safe place” to practice**.
- We will connect you with program facilitators who will help provide **initial training and ongoing support** for you.

JOIN US IN HELPING OTHERS PRACTICE THEIR ENGLISH !

- Each session is officially only **45 minutes long** – with 5 to 10 min of ice breaking “Looking Back/Looking Forward” on either side of 25-30 minutes of informal conversation related to a topic of the learner’s choice. We have **dozens of suggested topics with accompanying conversation starters**...with the option of the learner picking his/her own...comfort zone for all.
- Once the session is officially over, you will remain available for **another 15 minutes** if your learner would like to continue chatting (“**extra-mile” service**)...a great time for “matters of the heart” to unfold. **This is a chance to discover God at work ...** and to partner with field workers as together we “**serve sacrificially, not withholding the gospel.**”
- If you are retired and think you might have time but don’t have confidence with technology, have no fear! 😊 It’s not too complicated and **we will make sure you get the help needed**. You just need a good internet connection and either a smartphone or a computer with a camera.
- Each module is ten weeks long...with new modules beginning January, April, July and October
